

UNIQUE!

The **new** tool to machine valve seats

- He is **UNIQUE** because he is machining valve seats of all diameters
- He is **UNIQUE** because he is machining any valve seat material
- He is **UNIQUE** because he is machining any valve seat profile
- He is **UNIQUE** because he is single and knows how to do it all

Forget the Past,

- untimely chatter marks
- out of round valve seats
- lapping
- never the right profile
- long waiting time
- poor angle accuracy
- lack of flexibility
- slow change-overs
- long set-up time
- many tool changes
- lack of precision
- poor valve seat geometries
- repetitive manual work leads to unavoidable human errors
- ...

the Future is Now!

UNIQUE is here!

- *One single tool to do it all*
- *Unequalled precision at all times*
- *Total flexibility, repeatability*
